Celebrating Earth Day provides a unique opportunity to take action for the environment.

Here are some ways that YOU can help make a difference!

Organize a carpooling system with other Roslyn families or encourage them to use active transportation with you.

Reduce.
Reuse.
Recycle.
Compost.

Think before you print. Remember to teach children to use both sides of the page when printing. Save unwanted drawings for scrap paper in their next art project.

Plant an “Earth Day” tree in your backyard and watch it grow for years to come!

As of March 1, the EMSB has initiated a ban on single-use plastic water bottles. Although this single-use plastic water bottle ban applies to products distributed by the EMSB, in a conjoint effort in preserving our environment and reducing waste, we encourage all students and staff members to refrain from bringing single-use plastic water bottles at school and **use a reusable bottle to refill at the water fountain.**

THANK YOU!

Roslyn School's Home & School Association, also known as **Hands**, is a parent-volunteer organization that seeks to enrich the Roslyn experience for all students, families and staff. Our goal is to enrich the school experience, support our staff, students, and families, and act as a voice for parents.

HandS is all about creating community and building school spirit. We believe that parent engagement creates a richer elementary school experience for everyone. We know every family is different; no matter how much or how little time you have to give, we hope we can help you feel connected.
